

Calgary Bay Crabs (or any beach).

Make a sea sculpture using anything you can find on the beach, it can be as big or as small as you like.

How many different type of shells can you find. Do you know the name of them all? If not, take the ones you don't know home with you and see if you can find out what they are called.

How far can you jump. Draw a line in the sand, take a run up to the line and jump. Can you beat your own record?

Play 'hopscotch' in the sand, you'll need to draw it in the sand first and find yourself a 'chuckie'.

Draw a shark on the sand with its mouth open, find something you can throw from a couple of metres away into the sharks mouth. Increase the length of your throw to make it harder.

Find some nice shells, gather them up and take them home and make a shell picture frame. You will need a picture frame and glue at home.

How are you at being a crab, have crab races, by scooting on your hands and feet with your tummy up.

Carefully and safely pick up 5 bits of marine litter and take them home with you to your bin.

Hope you have enjoyed these challenges, Well Done
