

Garden ganders with Haggis the hedgehog

Go for a bug hunt in your garden, Remember if you turn something over you need to put it back as you found it, its is like taking the roof of a bugs home.

Make a bird feeder using recycled bottles .

Make a mini beast hotel from a toilet or kitchen role tube, filled with sticks and moss, and placed hanging on a tree or in the 'v' of a tree branch.

If you have a bird feeder in your garden, sit quietly and see if you can identify, using a bird book the species of bird coming to your feeders, record how many, which are the most common?

Have you got bulbs growing in your garden? Why don't you try planting some up in a pot and watch them grow.. You could even decorate the pot first.

Build a mini garden within your garden, using some of your old toys mixed with plants,,, branches , leaves, water , moss and much more.

Have Fun !!!!
