

Salen Loop Sizzlers.

(Starting at the Waterworks shed end).

Make a stick person at the side of the track but don't take pieces from any that are already there.

Look for fir cones, take them home and make a pig

Find some good sticks and drop them over the upstream side of the bridge, see whose gets under the bridge first.

Run to either end of the bridge 10 times.

Look for a flat piece of wood or even just a piece of wood about 30cm long and carry it to the top of the hill where the pond is.

Throw the piece of wood into the pond and see if you hit it with small stones found nearby, can you get it to come to the side by creating waves with stones?

Walking down the hill, look out to sea. Are there any boats in the Sound of Mull. What do you think they are doing?

Well done you have finished

Take a photo of activities and post on Mull and Iona Ranger Service Facebook page :) We would love to see what you got up to.
